Possibly he would, but, like the gentleman from Missouri, I require ocular demonstration that Sharkey or Fitzsimmons can settle the other "in a punch."

Starter Caldwell Lost His Patience and Sent Them Off Straggling.

Saratoga, N. Y., Aug. 18.—The fields proved too large for Starter Caldwell's patience too-day, and he failed to get the horses off on even terms in the first and fourth races. The steeplechase handicap over the long course was the most interesting race of the day, and for the first two miles the field kept in close order, and it looked like anybody's race.

The last time around, however, Brazil on Trillion, let out a few wraps and led down the back stretch by half a dozen lengths. Cousin Jeff was sent in hot pursuit of him, but, taking the last obstacle but three in faulty fashion, fell. Mr. Smith, who was riding his own horse, George Keen, and was close behind at the time, was forced to puil up, and, his mount stumbling, threw Smith over his head. This left Trillion in front by a good margin, and, although for a time, it looked as though Wood Pigeon would eatch him, the latter was too tired to give battle, and Trillion won handily by six lengths, with Wood Pigeon ten lengths in front of The Batchelor. CLUBS READY FOR REGATTA. Great Interest Taken by Oarsmen in Annual Meeting.

Never before was there such good feeling pervailing in local aquatic circles, and the regatta of the Southwestern Rowing As-sociation, to be held on Creve Coeur Lake Saturday and Sunday next, ought to prove a "corker." Rowing is on the boom and local oarsmen are making the best of it. The best racing programme of years has been arranged and all the races promise to be hotly contested.

A new feature at the coming regatta will A new feature at the coming regatta will be the club parties which are being formed. Each club has taken a given number of tickets and the members will be grouped in parties to pull for their favorites. The Westerns, Mound City, Central, Century, St. Louis. South Sides and North Sides of Quincy and the North Ends of St. Louis are the entries in the junior barge race. This event should present a fine picture. from the sexual system you owe it to yourself to fully and freely investigate my treatment. My mastery of these maladies is complete. I began a special study of them soon after graduating from college, now nearly a quarter of a century ago, and during all the years since then they have been my steady and persistent practice. I treat nothing else.

Does it not occur to you, then, that I am better prepared to combat and conquer diseases and weaknesses peculfar to men than the general practitioner who, instead of concentrating his faculties on these ailments alone, scatters them over the entire field of medicine and surgery?

If you are a victim of this dire disease come to my office and let me explain to you my process of treating it. You will then not wonder why I have positively

Stricture

It matters not how long you have suffered from stricture, nor how many different doctors have disappointed you. I will cure you just as certainly as you come to me for 3 3 1 4 treatment.

I will not do it by cutting or dilating. My treatment is new, entirely original with me, and perfectly painless. It completely dissolves the stricture and permanently removes every obstruction from the urinary passage. It stops every unnatural discharge, allays all inflammation, reduces the prostate gland when enlarged, cleanses and heals the bladder and kidneys when irritated or congested, invigorates the sexual organs, and restores health and soundness to every part of the body affected by the disease.

Nervo-Sexual Debility
